Forecast For Southwest England
Issued by Met Office Exeter
at 1600 on Monday 16 Aug 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Often cloudy, with rain arriving later in the week.

This Evening and Tonight:
Some patchy cloud around this evening with occasional sunny spells. Cloud becoming more widespread overnight, with a small chance of an isolated shower but remaining mostly dry. On the cool side in rural areas. Minimum temperature 10 deg C (50 deg F).

Tuesday:
A dry start for most with some sunny spells through the morning and afternoon. Cloud building through the evening bringing the odd spot of rain. Breezy and relatively cool. Maximum temperature 20 deg C (68 deg F).

Outlook for Wednesday to Friday:
Rather cloudy with some patchy rain, particularly in the west on Wednesday. Often cloudy with some showery rain on Thursday. Becoming breezy with more persistent rain later on Friday.
